

Your apprenticeship. Your future.

ENGLISCH

Apprenticeship is the most popular form of education and training in Austria.

There are currently around **160 apprenticeship professions and 5,000 companies** offering apprenticeships in Styria. Opportunities range from motor vehicle technology to carpentry, cooking to retail, electrical engineering to hairdressing and office roles – **there's something for everyone.**

An apprenticeship lasts between two and four years. During that time, you will already be earning your own money. At the end of your apprenticeship, you will sit the final apprenticeship examination, for which you will also receive a state examination certificate.

This information is also available in the languages: Deutsch, Türkçe, Română, Hrvatski, Bosanski, Srpski, Русский, українська мова, اردو, العربية, Persian.
